A property owner from Rapel Road inquired about parking on town right-of-way. He had spoken with attorney Fred Schaeffer regarding the town's ordinance #39 on parking on town roads. After a lengthy discussion it was decided that this item would be tabled until the September 9th meeting after the town board could get more information from the town's association attorneys regarding our ordinance and what is allowed and not allowed when it comes to parking in town right-of-way. It was decided that until that meeting all signage would remain the same until more information is collected.
