Discussion was had regarding parking in town right-of-way. State Statue 349.13 grants authority to towns regarding their right-of-way and gives the town the right to have an ordinance in place which the Town of Bradley does. There are currently eighteen locations within the town that have no parking signs. The signs will remain in place on Rapel Road.

Supervisor Bishop gave an update on broadband. The town will need to endorse an ISP once one is received.

Waste/Recycling: Supervisor Crass will follow up with ACE Equipment to see if they have found any issues with the compactors.

Parks & Beach: Supervisor Bishop received the land use permit to complete work at Crystal Beach. A gazebo has been purchased to be installed; Foley's will be removing some trees and working on getting a quote to update landscaping all at the beach.

Building & Grounds: Foley's planted the new tree at the town hall. Supervisor Hilgendorf would like a quote to have the carpet replaced in the town hall meeting room.

Road Report: Grubbing and various road projects with the county will be taking place in October.

Other business not requiring board action: The board thanked Ben Brown for his years of service on the Town of Bradley Plan Commission. Supervisor Bishop would like to have a special assessment ordinance in place for how the town disburses funds to the various lake districts within the town. This item will be placed on the October agenda.

As there was no other business the meeting was adjourned at 5:56PM.
